PROFESSIONAL SUMMARY

Frontend-focused MERN Stack Developer with hands-on experience building and deploying 4+ responsive, component-based web applications using React.js, JavaScript ES6+, Tailwind CSS, and RESTful APIs. Skilled in reusable component architecture, state management, responsive UI/UX, and Git-based Agile collaboration. Seeking a fresher MERN Stack or React.js Developer role to build production-grade, scalable web applications.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript ES6+, TypeScript

Frontend: React.js, Redux, Tailwind CSS, Bootstrap, Responsive Web Design, Component Reusability, State Management
Redux/Context API

Backend: Node.js, Express.js, MongoDB, Mongoose, RESTful API Design, API Integration, Full Stack Development

Tools & Practices: Git, GitHub, Version Control Git/GitHub, Postman, Agile/Scrum, Debugging, Code Review

AI-Assisted Development: Familiar with AI-assisted coding workflows (ChatGPT, Claude)

PROFESSIONAL EXPERIENCE

Frontend Developer Intern — Athenura

Feb 2026 – May 2026

- Built and deployed 4 responsive web applications — Lead Management System, Restaurant App, School Website, and Music Portal — using React.js, Tailwind CSS, and JavaScript.
- Designed 15+ reusable UI components, reducing duplicate code and speeding up feature delivery.
- Integrated REST APIs with backend teams, enabling real-time data rendering across all applications.
- Delivered mobile-first, responsive UI/UX with consistent functionality across all devices.
- Resolved 20+ frontend issues, improving application stability and user experience.

MERN Stack Developer Trainee — CETPA Infotech Pvt. Ltd.

Apr 2025 – Sep 2025

- Completed structured MERN Stack training covering MongoDB, Express.js, React.js, and Node.js.
- Built full-stack practice applications connecting React.js frontends to Node.js/Express backends with MongoDB.
- Implemented backend routing, server-side logic, and CRUD operations using Node.js and Express.js.
- Developed responsive, component-based frontend interfaces using React.js and modern JavaScript.

PROJECTS

Shanti Enterprises — E-Commerce Web Application

- Built a full-featured e-commerce platform with authentication, product listing, cart, and search/filter using the MERN stack.
- Developed secure RESTful APIs for product management, cart operations, and order processing; designed an admin panel for inventory control.
- Integrated a payment gateway for seamless transactions and delivered a fully responsive UI across devices.

Tech Stack: React.js, Node.js, Express.js, MongoDB

Quiz Application — Full Stack Web App

- Developed an interactive quiz platform with authentication, multiple categories, difficulty levels, and a countdown timer.
- Built RESTful APIs for question management, dynamic question randomization, and real-time score tracking.
- Used TypeScript for key components to add type safety and reduce runtime errors.
- Designed an admin panel for question and category management, plus a leaderboard to boost engagement.

Tech Stack: React.js, TypeScript, Node.js, Express.js, MongoDB

Personal Portfolio Website — Full Stack Web App

- Designed a responsive personal portfolio showcasing skills, projects, and experience with smooth UI animations.
- Built a contact form connected to a Node.js/Express backend, storing user inquiries in MongoDB.
- Added dark/light mode toggle, resume download, and integrated social and LinkedIn links.

Tech Stack: React.js, Node.js, Express.js, MongoDB

EDUCATION

Master of Computer Applications — AI & ML, Amity University, Noida

Jul 2024 – May 2026 | CGPA: 7.67/10

Bachelor of Computer Applications, Vinoba Bhave University, Jharkhand

Jul 2021 – May 2024 | CGPA: 6.86/10

CERTIFICATIONS

- MERN Full Stack Developer Training — CETPA Infotech Pvt. Ltd.
- Professional & Life Skills Certificate Course
